

Agony Scene, The "Scapegoat"

Abandoned,
broken and bleeding.
A feast for their eyes,
a spectacle.
A martyr of the forsaken.
A scapegoat for their suffering.
Burn me alive.
Burn me alive.
I feel the hatred behind their eyes.
Burn me alive.
Bidding a circus to watch me die.
Burn me.
The silence forced their matters.
The cruelest display of sacrifice.
A savior for the abandoned.
A scapegoat for the suffering.
Burn me alive.
Burn me alive.
I feel the hatred behind their eyes.
Burn me alive.
Bidding a circus to watch me die.
Burn me.
Abandoned, broken and bleeding.
A feast for their eyes, a spectacle.
A martyr of the forsaken.
A scapegoat for their suffering.
Burn me alive.
Burn me alive.
Burn me alive.
Burn me.....
