

Agony Scene, The "Turn The Tide"

Are you frightened, 'cause I'm frightened
Earth's a shambles and we are just making it worse
Short of breath, short of time
We got to act before it's too late
Do we lay, down and die
I don't want to, want to hide
It's our world, it's our life
What I want is to turn the tide

Are you ready to turn the tide?

We're killing each other in the name of god
We're killing god in every one of us
Someone's got to make it stop
Forget our fear remember how to trust
I won't lay, down and die
I'm not running, I won't hide
Isn't this, our own life?
I'm gonna u need you 'round to turn the tide

Are you willing to turn the tide?
Oh, help me to turn the tide

I'm only asking you please to see
The souls underneath, they aren't different from me
Down deep, they cry they bleed
I'm only asking you please to see
The souls underneath, they aren't different from me
Down deep, they cry they bleed

Are you frightened, 'cause I'm frightened too
But I'm ready to turn the tide
