Release your anger
Dress with your faith
Get in the battle
Fight for your love or hate!

Not in the middle
Not in the back
I'm in the front line
The victory is mine!

You may be bleeding
I'm sure you'll cry
Pain is for winners
Oh, don't fear to die!

I am no witness,
I won't be told,
I'm gonna live it
To live the battlefront!

I'm gonna live it,
To live the battlefront!

You'll see fog!

I'm gonna live it,
To live the battlefront!

It's time to fight, it's time to die,
You must free your sword.
Lost devotion from the faith,
On the emotion pain.
Every silence in the night,
You're a slave of sound.
Darkness knight will fall to ground,
With their blood around.

In the bright of my eyes,
I burn enemies.
In the heat of my heart,
I keep all my feels.
When the final of fight

Arrives to this time
I'll feel still alive
Because my blood runs in my veins.

Fight for your love or hate,
Don't fear to die...
(You'll see fog, you know why?)
I'm gonna live it, to live
To live the battlefield!
(You'll see fog, and you know why?)

This is our revenge
You cannot take this place,
We may can't beat you,
We're not afraid
Here are my courage and might.

This is our last stand,
With brave we take,
We are rivals, this is the age
Here are my courage and might.
