Standing at the edge of this Abyss  
The bride of all my failure and my shame.  
The pain that casts a shadow of envy and hate

The days they seem so endless  
Left alone with my own thoughts.  
And a conspiracy with a never ending plot.

[Chorus:]  
Legacy ☐ pain  
Story ☐ insane  
Straight jacket  
For your mind.

The man in the mirror I know longer recognize.  
As he's consumed by my anger and my hate

Still the blame it starts to fester as it  
Reaches boiling point  
A viscous cycle emphasized in all I do!

[Chorus:]  
Legacy ☐ pain  
Story ☐ insane  
Straight jacket  
For your mind.
