Im counting the days til Im with you  
And Im prepared to do what I have to do  
Im climbing up that mountain  
To prove myself to you.  
Im climbing up that mountain  
To get a respectable view

[Chorus:]

Dont want to be the other man  
Weve got to talk about a plan  
Dont what too be the other man  
oh no, not any more

Its so frustrating living this way.  
Stealing every moment we can every day.  
Kick start our feelings.  
Getting stronger every day Kick start our feelings.  
Theres just one thing Ill state

[Chorus]
