How Could You Call Her Baby

written by Babyface (1995)

performed by Shanna

Baby, baby, don't try to play me  
You know something's wrong  
Tha's why I'm not talking to you  
Baby, baby, don't even fake it  
You have broke my heart  
And there's nothin you can do  
I tried to call you, just the other day  
And your own sister told me  
Someone was taking my place, oh  
You wouldn't come to the phone  
She forgot to put me on hold  
And I can't believe what I heard  
What I heard in your very own words

How could you call her baby  
How could she be your baby  
Thought you were mine  
Thought I was yours  
How could you call her sweetheart  
How come you're breaking my heart  
How could you be so wrong

Baby, baby, hear what I'm sayin  
I am not your fool  
You should see me now as gone  
Baby, baby, you must think I am crazy  
I will not come back  
I feel I have been too wronged  
Don't try to call me, cause I don't have the time  
I'll be much, much too busy  
Hangin out with friends of mine, oh  
If we meet in the street  
You should not even bother to speak  
Cause i still hear the words in my head  
Those are some words I will never forget

HOOK

Boy you owe me an apology  
Just don't look for forgiveness from me  
And I tried my best to understand  
But I've done for you all that I can  
If I ever see you in the street  
Just forget that you ever knew me  
Cause I still hear the words in my head  
Those are some words I will never forget

HOOK
