"Summer's Arrived"

Summer's arrived now
And you feel up now
Flowers in Soho
People laugh and share a smile

Falling the season
Just give me a reason
How you can not be amazed by this?
Girls and boys

Having good times we are in the mood
Maybe a cool Pimm's in the afternoon?
I wonder where it all will go
I don't care much only heaven knows

Summer's arrived now
And you feel up now
Flowers in Soho
People laugh and share a smile

Summer's arrived now
Summer's arrived
