Friday night in the Kingdom of Doom
Ravens fly across the room
All in now there's a noise in the sky
Following all the rules and not asking why

And when the sunset world begins
Turning into the night I see everything in black and
white and then

Drink all day 'cos the country's at war
You'll be falling on the palace floor
I can't be anymore than I see
In the flood get washed away

When the sunset world begins
Turning into the night I see everything in black and
white and then
A love song for the collaboration you and me will never
be and then
We'll let it flow away
