Do right by your woman, she'll do right by you Do right
by your woman, she'll do right by you Well, you always
gave me lovin' though I treated you so bad Changed
my mind about wasting my time, Spending money and
drinking wine. Do right by your woman, yeah, she'll do
right by you Do right by your woman, she'll do right by
you Well, you always gave me lovin' though I treated
you so bad I've changed my mind, wasting my time
Spending money and drinking wine Do right by your
woman, she'll do right by you Do right by your woman,
she'll do right by you Well, you always loved a loser,
but it's diff'rent from now on. I've changed my plans,
gonna be a better man, I tell you so you'll understand.
Do right by your woman, she'll do right by you. Do right
by your woman, she'll do right by you. Do right by your
woman, she'll do right by you. Do right by your woman,
she'll do right by you. Do right by your woman, she'll do
right by you. Do right by your woman, she'll do right by
you.
