Brainwash..what a price to pay  
Brainwash..when there ain't no other way

Crossed ideas and twisted fear  
Chosen channels of a million tears  
Strains the mind, night after night  
And the price ain't really right

Brainwash..on the road to a cosmic spark  
Rub ya and scrub ya until you're raw  
Snake oils on the boil  
And the master pitch is in a coil

Give it up with your hands in the air  
No way you're ever goin nowhere  
Brainwash..pick yourself up off the ground  
Brainwash..saddle up on the merry-go-round

There once was a colt and they called it Morris  
And it could not stop the flying horse  
Thoroughbred on the wings of reason  
Past the sky..the masterpiece of freedom  
Brainwash ...
