Eb6Dm7C

I've been totin' a heavy load

F

And I'm rarin' to clown

G

Mess around

Ring your bell

Shake your tower

Pump your well

Turn on your power

I'm gonna ring your bell

Glide on in

You and me gonna make some medicine

Smoky bars and souped-up cars

Where we drowned all sorrow

Renegade woman

Love me like there's no tomorrow

Left to borrow

Bloodhounds comb the back streets

With the ramrod close behind

Asphalt justice you gonna find

My ass across

That border line

Ring your bell

Sound the chime

Open up your shell

Get on the line

Come on, ring your bell

Gimme some skin

You and me gonna make some medicine
