I lost track of things round midnight
Stumbling homewards through the street light
Wishing you were here to hold me,
but you're gone, gone like the last subway

do do do do, do do, do do
do do do do, do do, do do
do do do do, do do, do do
do do do do, do do, do do

They say home is where you heart is
So mine is somewhere in your suitcase
You just left me, left our home town
Promised you'd be back in no time

Oh, Stockholm, we have a problem
Oh, Stockholm, we have a problem

do do do do, do do, do do
do do do do, do do, do do
do do do do, do do, do do
do do do do, do do, do do

I'm not blaming you for leaving (I'm not blaming you for
leaving)
Going places and achieving (and achieving)
I chose staying and complaining (I chose staying and
complaining)
I chose missing you and waiting (waiting)

do, do do do do, do do, do do

I remember what we promised
But that was so long ago; when Debaser was just a
song and we were full of hope

Oh, Stockholm (Oh Stockholm), we have a problem (we
have a problem)
Oh, Stockholm (Oh Stockholm), we have a problem (we
have a problem)

do do do do, do do do do
do do do do, do do do do
do do do do, do do do do
do do do do, do do do do

Oh, Stockholm, we have a problem
