This is the first time we meet.  
Your face is drawing surprise  
We walk in the same way  
I've forgotten my departure.  
This is the final destination  
Between my hand and your heart.  
Let me know  
How high you do wanna fly

This is your final destination.  
Flowers are growing in your smile.  
Look for the water  
That i'm spilling in your sight.

Share all the dreams you haven't made.  
With no more explanations to give.  
Releasing your hunger  
Is my reason tonight.

I know a place where you'll be ok,  
That's been waiting for you till now.  
Can't you see it through my words?  
Can't you see that is my heart?

This is the final destination.  
A card is written in my lips.  
Taste its meaning  
Cos' it's enveloped with a kiss.

This is my final destination.  
Some kind of light heats me inside.  
Look for the rainbow  
That is lightening in my skin.

Silence tastes better with your pleasure.  
This is what I want you to give.  
Releasing your hunger  
Is my reason tonight.

We must only think in ourselves.  
Forget what you are supposed to say.

Can't you see we've only this time?  
Can't you see it through my heart?
