Am I forsaken
Am I forsaken

Let there be lights
Heavens to divide
Let there be signs
For all is lost now
Light from darkness
Burning bright
Here we stand now
Hold me tight

I saw the sign
As she had foretold
As see has foreseen
Am I foresaken
I don't regret and I don't deny
For I saw the dark
Am I foresaken

What dead may bring?
My soul is drowning
Ar we trespassing
Or here to dwell
In this house of pain
Going insane
Light from darkness
Burning bright
Here we stand now
Hold me tight
