"Into A Frenzy"

Visit "[Into A Frenzy](#)" on MotoLyrics.com

In anguish and in agony
Who would have thought
That this turns to shapes and thoughts
Which haunt me
This hell within
Without mercy without mercy
Full of fears

I'm into a frenzy
Got myself to blame
For I believes in you
I'm under pressure
This state of mind
Which enables me to ravish you alive

A lover bit my hand
Like a snake and I am dying
Day by day
As venom runs through my veins
Enslaving me, caving me

To be loved is all I need,
Whom I love I love indeed
