The feast is set, we came to dance  
I kind of like it, I kind of like it  
Sweet delight in a dark romance  
I kind of like it, I kind of like it  
Flaming feathers, pitch black light  
A leather leash will hold you tight  
You may like it or you may not  
After all it's all you got

Give me deliverance  
All visions of this night we'll see  
Exploring into eternity...

Our hearts are pumping to the pulsing beat  
I kind of like it, I kind of like it  
I close my eyes and I feel your heart  
I kind of like it, I kind of like it  
A painted face a smile grows cold  
A silent curse will be foretold  
You may like it or you may not  
After all it's your last shot
