False revolution
A rebellion based on lies
Break down the walls
Your slogan until you get inside

Fearing the truth
Will destroy your so-called scene
Easily bought and sold
As you await the next big thing

Hypocrites, every last one of you
So afraid you can't see the truth
Your rebellion so packaged and safe
Controlled by fashion and fakes

False preachers up on the stage
Social climbers who quest for fame
They are liars, complacent and insincere
To be called out, their one most fear

Fuck you and your scene
I'm going to watch you fall

I am your Antichrist
Bringing down your false safe world
I shatter the lies you embrace
And expose your heroes as fakes

I look into your eyes
And all I see is fear
A coward, a false, failed revolutionary
More hollow than the world you hate

Thank you all [Incomprehensible]

False revolution
A rebellion based on lies
Break down the walls
Your slogan until you get inside

Fearing the truth
Will destroy your so-called scene

So easily bought and sold
As you await the next big thing

I'm innocent
I'm gonna watch you fall
Fuck you and your scene
I'm gonna watch you crawl
