Changing
my life's taking on a new meaning
i'm learning to flow with
the games that once bound me
and i'm beginning to be free.
Loving
is never the wanting or needing
and loving yourself is
the key to all being
i'm just beginning to be me.
And though i walk thru the night
in the shadow of darkness
it's starting to turn into a pale shade of light.
Getting brighter with each moment of living
and i thing it's gonna be alright.
If it wasn't for you i never would have made it
i'm grateful to you for giving me the key
if it wasn't for you i never would have faced it
i dedicate my love to you only you.
Giving
is a magical reason for living
and you gave me moments
that i ever will treasure
no matter where and come what may.
And though i walk thru the night
in the shadow of darkness
i know deep inside it's gonna be alright.
Getting higher with each breath i'm breathing
and i'm beginning to see the light.
But if there wasn't you i never would have made it
i'm grateful to you for giving me the key
if it wasn't for you i would have just forsaken it
i would have faked it if it wasn't for you.
Closer
than any dream can imagine
from this very moment
to the end of forever
i dedicate my love to you.
