"Like the time in school when we got an A  
and the cool kids beat are ass.  
Like the time that bitch broke up with me cause  
I stopped doin drugs.

I wish I could just forget all these bad memories but  
they always come back in my mind to bring me down.

Like the time I got kicked out of school cause I wasn't  
cool enough.  
Like the time I was put up for adoption to end my  
familys  
misery.

I wish I could just forget all these bad memories but  
they always come back in my mind to bring me  
down(2x's)

I hate my memories!"
