(chorus)

Ahh- ahh big vacation
Ahh- ahh big vacation
Ahh- ahh big vacation
Ahh- ahh big vacation

Now let's get set
we're heading- down the highway
my motor bike is ready- for the riding
2000 miles of tiny- lines unwinding
we've packed our bags
and now the needles' climbing
guess who's driving

(chorus)

They say so what- distraction
it's just a mild distraction
if you're concerned- let's keep our
seatbelts fastened
let's chase the sun for fun
and feeling groovy
your time is up give up- the driving duty
your so moody

(chorus)

loaded up the truck
been saving up for months
the day has finally come
for our big vacation
