Gloria's close to far  
let her go- she's been there  
she's wishing on a star  
in the hope- that it may lend its glow  
to brightening

her old time movies  
Gloria' seen them all  
as long as old time movies glow  
oh Gloria- you'll hold up well  
yeah, I can tell

Gloria's come apart  
but I know- she'll get there  
she's betting on a card  
in the hope- that she may be alone  
to fire up

her old time movies  
Gloria' seen them all  
as far as old time movies go  
oh Gloria- you've held up well  
yeah, I can tell
