Jenny bought a brand new dress  
she wore it on the day we went for soda  
everywhere that Jenny walks all the boys  
make sure they walk beside her  
Jenny bought a brand new dress  
it's pretty! and she bought it for a dollar  
dressing up she put it on  
a silver pin was hanging from her collar

(chorus)

Oh, no I think we're older  
Come on Jenny come on  
Come on Jenny come on  
Knock that chip off your shoulder  
Come on Jenny come on  
Come on Jenny come on

Jenny bought a brand new hat  
She wore it on the day we went for cider  
Anytime that Jenny winks  
all the girls make sure they're neat behind her  
Jenny says it's not so great  
she's going on another date  
she's gorgeous  
Anytime my Jenny sings  
before us

(chorus)
