Hi- it's been awhile
Your freckled smile
Has lost its charming glimmer
Why? Is it a crime?
You're free to try
you'll get what's coming to ya

You might let your guard down Henry

My- look at the price
This could be nice
You've covered all your bases
Climb- before you hide
then fool your pride
cause we'll be waiting for ya

I'd go back to zero Henry
I'd see what you think you saw
when you passed me in the hall - I was
there you go you're getting over
tap an old friend on the shoulder
penny fines for leaving empty
lose your mind- you're just like Henry

Let's go back to zero Henry
Let's see what you think you saw
when you passed me in the hall- I was
there you go you're name is bolder
tap an old friend on the shoulder
penny fines for leaving empty
lose your mind- you're just like Henry
