"Lookaround"

Visit "[Lookaround](#)" on MotoLyrics.com

Look-a- lookaround
and you'll find
that I've wasted my time
I don't know- if I found the right door
Turn- a- turn around
and you'll see
what has happened to me
I don't know- where I'm going half the time

(chorus)
He don't want me around
we gotta meet back down on the ground
He don't want me around
we gotta meet back down on the ground

Look-a- lookaround
and you'll ask
Can she make it that fast
I don't know- if I found the right road
Come- a- come around
stop right there
you might breathe free the air
I don't know- what I'm doing half the time

(chorus)
