Help me find my Maryanne  
She and I go hand in hand  
If you see my Maryanne  
tell her I am lovelier  
If you see my Maryanne  
tell her I forgot the plan  
when you see that Maryanne  
she'll make you feel lovelier

(chorus)

Mary's out- I'm afraid  
She's been out since Friday  
I've called out her name  
But she still slipped by me  
Is she out- on a date?  
Where does she wander  
I can't find her

Help me find my Maryanne  
tell her just how down I am  
If you see that Mary can  
She's makes me feel happier

(chorus)

Oh, Maryanne it's so  
to hold your hand  
and oh, Maryanne  
let's go- I'll hold your hand  
Help me find my Maryanne....
