Sunny  
Where are we going  
you've got me runnin'  
follow me down on monday  
I know  
It could be rainin'- I'm not complainin'  
tell all the others

(chorus)  
I think maybe it would be alright  
for you to ride with me and not  
think somethin' else is going on  
you're wrong

Sunny  
where are we going?  
you've got me wanting  
to follow you down the highway  
I know  
No one is watchin'- we'd better caution  
all of the others sunny

(chorus)  
I feel sunny in my new anywhere  
I feel sunny again  
I feel sunny in my new anywhere  
I feel sunny again  
my friend
