[Intro -Drew32]

And I'm gon take over the whole world  
I'm I'm gon take over the whole world

[Hook]

I-I-I-I-I am King

I-I-I-I-I am King

(And I'm gon' take over the whole world  
And I'm gon' take over the whole world

Yeah, yeah)

[Verse1 - Drew32]

I'm on a new level, tryna leave a legacy  
I'll eliminate anyone ahead of me  
Mentally, I'm a fucking legend, wearing a letterman  
jacket, that's it  
With a big ass crown on the back cuz I'm king of this  
rap shit

Fact is, that I really love my team

You say 'rain' like you boutta get an umbrella  
I say it cuz I reign supreme

I'm on, Napoleon, Ganghas Khan, King Tut, and Attila  
the Hun

Sun don't set on my empire  
, bitch I'm on fire, go suck my nuts  
I'm Mufasa - ya'll just be lying  
, bitch I am not following no rules  
No more, they following me, cuz I'm the one who  
supply em, uh

Let's go - this is hip-hop, no techno  
I'm so sick bitch I got strep throat

I be in Paris stacking up my bread  
Yeah you know I call that shit French toast

Open the skies, my flow has arrived  
I can see it all, no need to open my eyes  
You hollow you die, I follow the prize  
She opened her mouth and she swallowed my pride

My veins carry the blood of King Midas - everything I  
touch goes gold

I'm starting - to feel like I am King Lionidas

We are not the same, I'm a Spartan

I'm so random, no heart  
When I hark the harold and the angels sing  
Promise, I feel like Isaiah Thomas  
In other words, I'm about to be king

Bitch

[Hook]

[Verse2 - Drew32]

I'm speed racing, leading free agent

It's a free world, mother fuck a free mason

In the dressing room, yeah the world needs changing

Say your favorite artists, I'll replace him  
I'm the creation - big bang theory  
Einstein mind with a Hercules body  
I ride in the front, and I shoot my shotty  
Follow your heart, my heart is a Bugatti

I cause a commotion - anyone who thinks he's hot, I'm  
gon' roast em  
Call me the six-man, bitch, Cuz I go in

Flow like a river to a goddamn ocean

I got the power to do it if I have to  
I was always taught 'go hard', no statue  
You insane? Stepped in the game, made a new lane  
Fresh shirt, kicks fly like Lou Kang

I'm downright, fresh, what I sound like?  
Do it with my crew, when we come through, we run the  
town right?  
Yup you in the game, but I'm going beast mode  
I'm off the leash bro  
If ya'll go hard, I go Medusa

, let me introduce ya  
To the Kings, ho

[Hook]

[Verse3 - Jon Connor]

I go nuts with a pen  
Cut with a pen, sharp flow spill guts till the dust in the  
wind  
Don't fuck with him - all I'm hearing nowadays is  
Connor gon' blow like I'm adjusted to win  
It's a must that I'm gon' fuck with a 10  
There you go cuffing again  
Your girl pregnant with twins only means one thing  
That I fucked her and then fucked her again  
Now a little vulgar, boned her  
Didn't even know her, bro I know why you want her  
Cuz she rode me like I came with a motor  
But I hit it from the back with your name tattooed on her  
shoulder  
Damn, and we did more shit that I'll tell you when you  
get a little older  
Smell me? Nigga this Folgers, the odor that fuck a  
nigga nose up  
Every time I show up, hold up!  
Everybody know what time it is  
Fuck the world like the opposite of monogamous  
Out of my mind, I don't know where my noggin is  
This whole verse is anonymous, my confidence reach  
of continent  
It's obvious they mistaking it for cockiness  
I make hits, you'll probably miss  
In control of my goal like I was holding a fucking  
hockey stick  
Cuz I am king, and I guess the mic is my scepter  
Ya'll all clowns and I needed a jester  
Thanks for the gesture, eat these rappers  
Digest ya when you give your best effort  
The concrete rose is grown  
We bout to make it known  
Yo Drew32 let's let the world know  
We ain't satisfied till the throne our home  
Gone...

[Hook]
