I cut myself bloody, I drank myself sick  
I smashed my place up, did I change anything?

The ugly taste of someones tomorrow  
The ugly taste of the black bloody hell

I drove somebodys car and bought myself an axe  
Hi on acid, speed n' alcohol - fucked to the max  
Wacked a lot of brain, wasted a lot of time  
Didn't have a clue what was on my mind

... who the fuck reads signs?

The ugly taste of...

Got myself evicted, lost my drivers license  
Spent a month in jail, it didn't change a thing  
Wacked a lot of brain, wasted a lot of time  
Didn't have a clue what was on my mind

My fucked up past is someones tomorrow  
The ugly taste of... Enjoy!
