(I set) I set (my friends) My friends on fire (fire)  
well I looked at your grave I do not feel alive  
(I set) I set (my friends) My friends on fire (fire)  
well I looked at your eyes I do not feel alive.  
I set (I set) My friends (my friends) on fire now I will give  
up  
(I set) I set (my friends) my friends (fire) on fire, now I  
will give my life.  
If I tell you now I will not feel alive,  
If I kill you now I will not feel pride,  
If I kill you now I have set those fields on fire,  
what's this? One More Time  
Burn-Lies-Lies-one more time,  
Burn-Lies-Lies-set, one more time  
[whispers]  
tisiv ot ecalp ecin a si lleh  
hell is a nice place to visit.  
yaaaaa yaaaaaawell I gave one more time,  
yaaaaa yaaaaaawell I gave one more time now,  
"The sun came through the leaves and lit them  
up like it was on fire, Right at sunset"  
Let's look the world into the eyes (like it was on fire) and  
say  
just one more time (like it was on fire), much less.  
Let's look the world into the eyes (like it was on fire) and  
say  
just one more time, one more time.  
yaaaaaaaaa one more  
yaaaaaaaaa one more time  
one more life when I pray it's time.  
When I gave one more time, to lie into  
the after life, one more time, I praise one more LIE
