I'm on a train want you tell me your name
Will I ever see you again?
Do you know which way to go
Am I been wrong all along?
Won't you help me get back home
People come and then they go
A was your friend five minutes ago

And I'm on a train,
More than ever feels the same,
And I wonder if I make it home again.

I'm on a high way yeah
You can put me down
I'm on a high way yeah
I'm on a high way yeah
You can put me down

I'm on a high way yeah

I'm on a train please tell me your name,
I don't wanna play this game
I don't know which way to go
Am I been wrong all along?
Won't you help me get back home
People come and then they go
A was your friend five minutes ago

And I'm on a train,
More than ever feels the same,
And I wonder if I make it all the day.

Oooohhh oohooo oohoooo hooo hoooo
Ooooh oohoooo ohooo
