"Only in the past"

Run away to the seashore it doesn't matter anymore
Doesn't matter anymore
Words dry up and fly away with the passing of the days
Eventually you just let the stone fall

Chorus:

I dreamed that I saw you you were down at the corner
store
You were looking through magazines and you flew out
the door
I was trying to wave to you but you wouldn't wave back
Now you know I understand you're with me only in the
past
Only in the past

My palms are not open they're closed they're closed
My palms are not open they're closed they're closed

(Chorus)

Colours streak the sky we laugh and we cry
And we dance in the cool grass with the
fireflies
And we dance in the cool grass sunset birds
Sweet sweet music swallow our words
You set sail and you left this town
Run away, run away, you're so far from me now
So far from me now

(Chorus)

(Fade out)
