Yeah they be tellin me  
They be tellin me they want it all  
They want rings, they want cars  
Warrants, lease, cover a lot of area  
Homes, they want loans, loot, gear, sneakers  
For they feet, all that, all the time  
My cats, my brothers, my womens  
Taboo who?  
I got a question for you  
Thanks for covering my warrants

[Pop Da Brown Hornet]

What you want hah? The Mack rubbin ya back?  
Or that cat, who keep runnin off with the track  
What you want bub? All night sexin?  
Or to keep smacked for that chump adolescence  
I can only ask, you gotta answer question  
What you want? I could copy, hope you get it  
But you have to be willin to reach deep down inside  
Make it pop girlfriend, we searchin for the props  
What you want? A nice long foot massage  
With a Lex and a Range in your two car garage  
You want satisfaction, to say climaxin  
Want your man buyin you new shit, without you askin  
What you want? New CD for your DVD  
Blaze with the wide screen TV  
You want a Dreamcast with a million in stash  
House full of ass, bone mix with hash and green  
She told me "Pop, I want a ring on my finger  
Get fucked by a rapper, make love to an R&B singer  
I want a fat one, slap it on my hot tummy  
And after that I want some non stop action"  
Boo, pardon me girl for askin  
I can tell you like it, no fashion, ass taxin  
Flirtin with me, you gon get it  
Suckas pull out backs quit, wantin to hit it

Chorus 2X:

What you want hah?  
Tell me is really worth havin?

Or do you want it solely for the purpose of braggin  
What you want?  
Every time we pushin weeded, is it love or lust?  
Come on, you can tell me, it's just between us

[Pop Da Brown Hornet]

What you want? win a prize for a real, free hemwa  
The weed start actin funny, I bet I'll meet you on your  
old block  
What you want? Constant cash flow  
Digital balls, so you can record, what you want?  
A record label that's willin and able  
To put your product in stores and have you featured in  
cable  
You wanna be able to fuck without condoms  
And live the rest of your life with not problems  
What you want? A whole lot of this, a whole of that  
And once you get it, you don't know how to act  
What you want? New whip with millennium kit  
New kitty cat, laced with the vice grip  
What you want? The forestry green or chocolately  
brown  
Half, half, make a pound, let's smoke me choke  
What you want? A roly with the blue face  
You want the judge to throw out your case  
I know what you want, some bunge you never had any  
Chick everyday to come check you at your pageant  
Want all beautiful things life has to offer  
'cause if you do, it'll cost ya  
So be careful what you want, 'cause you just might get  
it  
No remorse, no regrets, handle it, I'm ready
