THE DEATH CONCEPT

Smack your own pride
Treat it with disgust
When looking in the eyes
Of our borrowed time

Strip down to the basics
Of your own soul
And think

LIFE IN ESSENCE

Sense a limit
To what's accepted
Char the barriers
To certainty

Search beneath ideas
Indoctrinated as logic in common
There will be answers
And you'll find

Turn your egos the fist
And the enemy your other cheek
Cease entertaining
Them

Cause that's what they want
Cause they're not unique
In their false individualism

But you're canvas
And so are they
Triumph Standardization

No one is a redeemer
But the one who is
Pity attempts for
Self-salvation

As we're intended
Acronyms for Messiah
In pattern, in union

A prime loom
Of life in essence

WE ALL SCHLEP

This is just a glimpse before our eyes
Watch how the ants are working
Come Armageddon!
