Sittin' with a crowd around me  
Why do I feel lonely?  
People talkin' lots around me  
Why do I feel lonely?  
I can go to congregation  
Still neglected by the nation  
I can get my fill - a- bration  
Still I'm feelin' lonely  
(Chorus)  
Time, time, in good time oh oh I feel some better  
Time, time, in good time oh oh I will forget her

Yeah!  
I'm not one to start complainin'  
Why am I so sour?  
I'm not losin' ground, I'm gainin'  
Why am I so sour?  
Everything is goin' my way, traffic's moving on the  
highway  
Don't mind eatin' fish on Friday  
Still I'm feelin' sour  
(Chorus)  
Time, time, in good time oh oh I feel some better  
Time, time, in good time oh oh I will forget her

Now doesn't matter what I'm playin'  
Why do I get shaky?  
Doesn't matter what I'm sayin'  
Why do I get shaky?  
Cannot figure why I'm bitter  
Folks call me a real go getter  
I ain't never been no quitter  
Still I'm feelin' shaky  
(Chorus)  
Time, time, in good time oh oh I feel some better  
Time, time, in good time oh oh I will forget her  
Time, time, in good time oh oh I feel some better  
Time, time in good time oh oh I will forget her
