Are you frightened, 'cause I'm frightened  
Earth's a shambles and we are just making it worse  
Short of breath, short of time  
We got to act before it's too late  
Do we lay, down and die  
I don't want to, want to hide  
It's our world, it's our life  
What I want is to turn the tide

Are you ready to turn the tide?

We're killing each other in the name of god  
We're killing god in every one of us  
Someone's got to make it stop  
Forget our fear remember how to trust  
I won't lay, down and die  
I'm not running, I won't hide  
Isn't this, our own life?  
I'm gonna u need you 'round to turn the tide

Are you willing to turn the tide?  
Oh, help me to turn the tide

I'm only asking you please to see  
The souls underneath, they aren't different from me  
Down deep, they cry they bleed  
I'm only asking you please to see  
The souls underneath, they aren't different from me  
Down deep, they cry they bleed

Are you frightened, 'cause I'm frightened too  
But I'm ready to turn the tide
