Turn back on the broken hearted
Some things are just meant to be
I still believe that we got a chance
I still believe that we got a chance to be
Too much is never enough
And too little to never enough
Full speed got me looking out my rear view
I can't go back

Going a 100 in a 55
and I don't know why I'm still alive
But I do what I can
But I know I can't take anymore
I still believe in this rock n roll
n I pray the music gon' save my soul
But Til then I still believe
Some things are just meant to be

It's messed up but I got this mission
Drunk again won't remember anyway
She said it's just a game boy
Don't be gone
Don't be gone for long
Ten years I been doing this forever
It's all I know baby please don't turn away
I know you don't believe in me
But I do believe in you

Doin' a 100 in a 55
and I don't know why I'm still alive
I do what I can but I know I can't take anymore
I still believe in this rock n roll
and I pray the music gon' save my soul
But til then I still believe
Some things are just meant to be

I'm still falling
Away from here
Away from here
I'm still falling
This winds are falling on
I can't go back

I'm in too deep

Going a 100 in a 55
and I don't know why I'm still alive
But I do what I can
But I know I can't take anymore
I still believe in this rock n roll
n I pray the music gon' save my soul
But until then I still believe
Something

Goin' 100 in a 55
and I don't know why I'm still alive
But I do what I can but I know I can't take anymore
I can't take more baby
I still beleive in this rock n roll
and I pray this music gon' save my soul
But 'til then
I still believe
Some things are just meant to be
I still beleive
Some things are just meant to be
I still believe
Some things are just meant to be

yeah

I still believe
Some things are just meant to be
