There you are
Shiny as a morning star
It's a figure of speech
But you're still out of reach
You never told me loving you
could be so wrong and right
And it's gonna be a lonely night
I turn to you
You turn away
You're looking at someone else
And here I am
Loving you more and more
We got an open door , my love
Oh let it be just a state of mind
And suddenly you appear

Chorus:
I'm carried away
I'm carried away
To be carried away
I'm carried away

C'est la vie
So you wanna play another part
Can you say goodbye
Can you live a lie
She'll never give you what I
gave you was my breaking heart
Better than I ever known
And if you can live without my love
You know you're gonna be alone
And here am I
Walking against the crowd
Calling your name out loud my love
Oh let it be just a state of mind
And suddenly you appear

Chorus:
I'm carried away
I'm carried away
To be carried away

And I'm carried away

Bridge:

Baby there ain't no final word

I'll be yours again

I got a world of tenderness

Yours until the end

Chorus:

I'm carried

I'm carried

To be carried away

I'm carried

(Repeat chorus and fade)
