You took a mystery and made me want it  
You got a pedestal and put me on it  
You made me love you out of feeling nothing  
Something that you do  
And I was there and not dancing with anyone  
You took a little , then you took me over  
You set your mark on stealing my heart away  
Crying , trying , anything for you

I'm in the middle of a chain reaction  
You give me all the after midnight action  
I wanna get you where I can let you make all that love to  
me  
I'm on a journey for the inspiration  
To anywhere and there ain't no salvation  
I need you to get me nearer to you  
So you can set me free  
We talk about love , love ,love  
We talk about love  
We talk about love , love ,love  
We talk about love

You make me tremble when your hand moves lower  
You taste a little and you swallow slower  
Nature has a way of yielding treasure  
Pleasure made for you , oh  
You gotta plan , your future is on the run  
Shine a light for the whole world over  
You never find your love if you hide away  
Crying , dying , all you gotta do is

Get in the middle of a chain reaction  
You get a medal when you're lost in action  
I wanna get your love all ready for the sweet sensation  
Instant radiation  
You let me hold you for the first explosion  
We get a picture of our love in motion  
My arms will cover , my lips will smother you  
With no more left to say  
We talk about love , love , love  
We talk about love

You let me hold you for the first explosion  
My arms will cover , my lips will smother you

All you gotta do is get in the middle of a chain reaction  
You get a medal when you're lost in action  
I wanna get your love all ready for the chain reaction ...
