On the dark side of the street  
Just about midnight on the way  
To the bright side when she calls  
She turned out the light  
I'm just a beginner when it comes  
>From a number on the wall

All God's children need someone to love  
And you know I found mine  
I've been waiting for the one  
After her you will see me gone  
I got a question answered anyway  
She turned out to be a lesson in love  
A lesson in love

Bad girls cross the line  
Get it for nothing anytime  
I am a victim of the blues  
She don't know the truth  
Nobody told her how to cry  
She got a back against the wall

All God's children need someone to love  
And you know , baby , you know I found mine  
She can show me I'm the one  
After me she'll be on the run  
And lightning strikes in my bedroom  
The satisfaction was to me a lesson in love  
If you give your love for the first time  
A lesson in love  
You could learn from me  
It's gonna be

(break)

All God's children need someone to love  
And you know , baby , you know I found mine  
She can show me I'm the one  
After me she'll be on the run  
And lightning strikes in my bedroom  
The satisfaction was to me a lesson in love

If you give your love for the first time  
A lesson in love  
You could learn from me  
It's gonna be  
A lesson in love  
There are ways and means for your pleasure  
A lesson in love  
Now just you wait and see  
It's gonna be  
A lesson in love  
If you give your love for the first time  
A lesson in love  
You could learn from me  
A lesson in love

There are ways and means .. (repeat and fade out)
