Love Me  
Yvonne Elliman

Love me  
Just a little bit longer  
Love me

I remember times my love  
When we really had it all  
You were always there to make me smile  
To help me when I fall

Ooo I can't believe you're leaving me  
When there's so much more to say  
I can't let you go  
Ooo Every time I look at you,  
I still can feel the glow  
Let it be, let it grow

Ooo Love me, please  
Just a little bit longer  
Together, we can make it  
Our love is much too young to break it

Love me please,  
Just a little bit harder  
Together we can make it  
Our love is much too young to break it.

Oh all I ever wanted was  
To have you to myself  
Then I see you standing there  
In the arms of someone else

Ooo You know a girl can stand so much  
and it's more than I can fake

I can't let you go  
Ooo every time I look at you  
I still can feel the glow  
Let it be, let it grow

Ooo Love me, please  
Just a little bit longer  
Together, we can make it  
Our love is much  
Too young to break it

Love me, please  
Just a little bit harder

Never even tried to see things my way  
It's hard on a woman  
When love ain't no love at all  
And When you walk away  
>From me baby you're gonna be sorry  
I'm begging you please

Love me, please love me, love me  
Just a little bit longer  
Together we can make it  
Our love is much too young to break it

Love me, please just a little bit harder  
Just a little bit harder (just a little bit harder)  
Together we can make it  
Our love is much too young to break it  
Love me, please just a little bit longer
