Baby , you told me your life is wrong  
and there's no sense in seeing it through  
But I've got my eyes open all the time  
And I've been waiting for you

Don't try to tell me it's over  
You can't believe it yourself  
Just put your hand on my shoulder  
And dry all your tears, take your heart off the shelf  
'cause it's a long life and well worth the living  
You still got your heart and it's well worth the giving  
Give yourself to me  
Just you and me

I'm just a guy from outside your world  
And there's no words that I can say  
But I've got a feeling that you're the girl  
to take all my love and just run away

Don't try to tell me it's over  
You can't believe it yourself  
Just put your hand on my shoulder  
And dry all your tears , take your heart off the shelf  
'cause it's a long life and well worth the living  
You still got your heart and it's well worth the giving  
Give yourself to me  
Just you and me

(break)

Don't try to tell me it's over  
You can't believe it yourself  
Just put your hand on my shoulder  
And dry all your tears, take your heart off the shelf  
'cause it's a long life and well worth the living  
You still got your heart and it's well worth the giving  
Give yourself to me  
Just you and me

'cause it's a long life and well worth the living  
A long life and well worth the living

It's a long life
