I was lost in your love
I was held by your heart
And no secrets stood between us anymore
I'm like a child learning pain
I was held by your chains
And my darling , I was lost in your love

There's been a diff'rence of opinion to the way I've
been treating you
But you know that I've tried to apologize,
for all the bad times I've put you through
On the chance that I could make you mine
There's not a thing I would not do
And wrong or right I'll be with you and lost in your love

I was lost in your love
I was held by your heart
And no secrets stood between us anymore
I'm like a child learning pain
I was held by your chains
And my darling , I was lost in your love

Now I will follow you where the wild bird flies
Through endless skies I will go
So I can be so near you girl and all of this you gotta
know
That when I get you here inside my arms
I never ever ever will let you go
And wrong or right I'll be with you and lost in your love

I was lost in your love
I was held by your heart
And no secrets stood between us anymore
I'm like a child learning pain
I was held by your chains
And my darling I was lost in your love
