I remember times my love when we really had it all  
You were always there to make me smile, help me  
when I fall  
Ooh, I can't believe you're leaving me  
When there's so much more to say -- I can't let you go  
Ooh , ev'ry time I look at you I still can feel the glow  
Let it be, let it grow

Love me , please , just a little bit longer  
Together we can make it  
Our love is much too young to break it  
Love me , please , just a little bit harder

All I ever wanted was to have you to myself  
Then I see you standing there in the arms of someone  
else  
You know a man can stand so much  
And it's more then I can bear -- I can't let you go  
Ooh, ev'ry time I look at you I still can feel the glow  
Let it be , let it grow

Love me , please, just a little bit longer  
Together we can make it  
Our love is much too young to break it  
Love me , please, just a little bit harder

Never even try to see things her way  
It's hard on a woman when love ain't no love at all  
And when she walks away (no no) -- and she probably  
will  
You're gonna be sorry, begging her , please

Love me , please, just a little bit longer  
Together we can make it  
Our love is much too young to break it  
Love me , please, just a little bit harder

I think I can work it out  
I can't get enough  
I want you tomorrow

Love me , please, just a little bit longer  
Together we can make it  
Our love is much too young to break it  
Love me , please, just a little bit longer  
Together we can make it  
Our love is much too young to break it
