"Nobody's Someone"

I'm nobody's someone
'Cause nobody loves me
And each night I sleep
The pain is so deep
Your memory haunts me

If millions of eyes
Could just realize
The shadow is me
The shadow is me

I'm everyone's no one
'Cause nobody likes me
Each hour of the day
I reach and I pray
That someone will reach me

If millions of eyes
Could just realize
The shadow is me
The shadow is me
The shadow is me

I'm nobody's someone
'Cause nobody loves me
And each night I sleep
The pain is so deep
Your memory haunts me

If millions of eyes
Could just realize
The shadow is me
The shadow is me
The shadow is me
The shadow is me
