Maybe you don't know me
any more than I know you
and I wouldn't blame you
if you walked away
I've been watching you all evening
with the tear drops in your eyes
and it touches me much more than I can say
and though I hate to think that someone
could've hurt someone like you
and if I was him I'd be right by your side
Lay your troubles on my shoulder
put your worries in my pocket
Rest your love on me awhile
Lay your troubles on my shoulder
put your worries in my pocket
Rest your love on me awhile
Saw you in the corner
on the moment I walked in
saw your lonely face
acrossed the room
no I won't forget

and the way it might have been

why did you have to leave so soon

You know I hate to think that someone

could've loved you more than me

and at times like this

I'd be right by your side

Lay your troubles on my shoulder

put your worries in my pocket

Rest your love on me awhile

Lay your troubles on my shoulder

put your worries in my pocket

Rest your love on me awhile

How long must I wait

for the fast train to be here

and the last chance to close

get to think that i was born too soon

How long honey

when nothin don't come

I was there when you bled

just didn't know how to begin

Lay your troubles on my shoulder

put your worries in my pocket

Rest your love on me awhile

Lay your troubles on my shoulder

put your worries in my pocket

Rest your love on me awhile
