Ah.....

Ev'ry day's Saturday , feeling in steadily
Laughing at people with stars in their eyes
Vicar Hays approaching town , preaching in the
underground
Talking the language of melanie skys,
You know how Sir Geoffrey saved the world
You know how Sir Geoffrey saved the world

Dinner time , anytime, see a pound ,should be mine
Ev'ryone's grabbing but no one will get
Sunny day , should I care, taking in the garden air
Ev'ryone's happy though no one can see
You know how Sir Geoffrey saved the world
You know how Sir Geoffrey saved the world

Ah...

You know how Sir Geoffrey saved the world
You know how Sir Geoffrey saved the world

Ev'ry day's Saturday , feeling in steadily
Laughing at people with stars in their eyes
Vicar Hays approaching town, preaching in the
underground
Talking the language of melanie skys,
You know how Sir Geoffrey saved the world
You know how Sir Geoffrey saved the world
You know how Sir Geoffrey saved the world
