I tell you the truth can be painful
And the mainstream of life can be cruel
If you believe in your chances today
You could be a fool, don't you be a fool, oh no
Revenge is mine, oh no
It's a case of do or die
Get around if you want to be free
Sing the words to the song

We go up the revolution
Go down to what you mean to me
When achievin' the impossible is a possibility
It's the time for any losin' to win
It's how you play the game
Don't you start the revolution without me in another
name

You stand by your Bunbury notions
That is how you get to be strong
Now you come here from over the sea
Where you don't belong
No, you don't belong , oh no
Friends of mine , oh no
It's a case of do or die
Get around if you want to be free
Sing the words to the song

We go up the revolution
Go down to what you mean to me (up the revolution,
yeah)
When achievin' the impossible is a possibility (we go
up, we go up)
It's the time for any loser to win
And you can overthrow (we go up)
We go up the revolution
As we can strike another blow
Another blow

Oh no, revenge is mine, oh no
It's a case of do or die
Get around if you want to be free

Sing the words to the song

We go up the revolution
Go down to find a brighter day
If you dream the unapproachable dream
You find a better way
If it's just another corner you're in
Then you can overthrow
We go up the revolution
As we can strike another blow
Strike another blow

Repeat last two lines,
Repeat second chorus and fade
