Verse 1

Read my letter
And I pray you understand
Just you let her
Just let her force my hand

Release 1

Be your judge and jury
Are we guilty of lies
When two worlds collide

Chorus

No one lover can last forever
So don't you sever the lifeline
Just two people who do whatever
Don't sever the lifeline

Verse 2

Your two faces
Which one do I know the best
There's no story you can hide
That stands the test

Release 2

Through the flame and the fury
Will tomorrow survive
When two worlds collide
When two worlds collide

Chorus

Break

Chorus (twice and fade)
