Lovers in ancient times

Now it begins -- I see it in your eyes  
And I know how you feel -- you long to touch the sky  
The flame of life, let it eat your heart out every night  
But you're not alone

This is your world -- this is your world

Lovers in ancient time, caught in the fire  
Only the strong survive -- how can we face tomorrow  
Live an illusion, don't let it fade and die  
Something deep inside you, a wing and a prayer will  
guide you  
Something deep inside you  
Something deep inside you, a wing and a prayer will  
guide you  
Something deep inside you

{Spoken}

Go now, girl, don't look back. This is your one big  
chance.  
I place my fingers to your lips and I tell you my love  
flies with you  
On a wing and a prayer, on a wing and a prayer

No muscle and bone -- rhythm is the key  
There's everything to play for -- you're everything to  
me  
The game of life -- win it and your love comes tumbling  
down  
You'll never be alone  
This is your world -- this is your world

This is your world -- this is your world

Lovers in ancient time, caught in the fire  
Only the strong survive -- how can we face tomorrow  
Live an illusion, don't let it fade and die  
Something deep inside you, a wing and a prayer will  
guide you

Something deep inside you  
Something deep inside you, a wing and a prayer will  
guide you  
Something deep inside you

Something deep inside you, a wing and a prayer will  
guide you  
Something deep inside you

Repeat to fade
