#### Verse 1

Sitting in a coffee house  
and feeling like in a bubble  
What haven't we done  
where did we go wrong  
what has changed

Sitting in a coffee house  
I order cheesecake  
What haven't we done  
where did we go wrong  
the country has gone

#### Chorus:

And you are in your Jeep  
listening to the stereo  
And mono out side in black and white  
you don't turn the radio on  
You see that it's a waste of time

Sitting in a coffee house  
and talking about the situation  
What haven't we done  
Where did we go wrong  
and why now  
Sitting in a coffee house  
and feeling like we are overseas  
What haven't we done  
in a minute it will start raining

And you are in your Jeep?.

And you are in your trip  
you call me Romeo  
It is cold being with you  
but outside is hot  
And you are in your Jeep  
you don't turn the radio on  
You don't know how bad I feel now.
